

Dusts Available To Save Cotton Crop From Weevils

The present outlook is extra good for a cotton crop this season. No farmer can afford not to dust his cotton.

The recommended controls are benzene hexachloride-DDT, 3-5 mixture. This dust contains 3 per cent gamma benzene hexachloride and 5 per cent DDT, and controls boll weevil, bollworm and cotton aphids. However, its period of effectiveness is shorter than that of camphene or calcium arsenate. Chlorinated camphene, 20 per cent, is highly effective in the control of boll weevil and bollworm, but not in eliminating heavy cotton aphid population. However, no build up in number of aphids has been noticed. Calcium arsenate, alternated with calcium arsenate-nitrate, will give excellent control of boll weevil and cotton aphid. These dusts are not very effective against bollworm. When used

Attends Family Reunion

Mrs. W. B. Perdue, Dana B. Perdue and son, Billie, Perdue, attended a reunion of the Nat'l family at Natchez, Ala., Sunday. Mrs. Perdue's brother and many other relatives were present. Preaching services were held in an arbor near the old family cemetery. A sumptuous dinner was served at the noon hour.

ing calcium arsenate and calcium arsenate-nitrate, dusted with a 10 per cent DDT to kill the bollworm as a separate dust. Do not use 10 per cent DDT with calcium arsenate. There are other controls on the market that are available but not recommended by Agricultural Experiment Stations. If you are undecided about how and what insect control to use on your cotton see your county agent, J. R. Speed. He also has a supply of leaflets on "New Dust for Cotton Insect Control." It will mean money in your pocket to get one of these leaflets and use dusts that are recommended by the Experiment Station.

New Ford Showing Attracts 4,000

Friday and Saturday, June 19, 19, were big days in Ford history in Elba. On account of the muddy condition of the lot where the new 1948 Ford automobile was held at the company's plant across the street from the Methodist Church.

From early forenoon all through the day Friday, a continuous stream of people thronged the show room, inspecting the new "dream car," John M. Garrett, proprietor and local dealer, estimated that 2,500 persons visited the plant during the day.

Monday, June 20, the estimated 2,500 persons were dispersed free by a representative of the Coca-Cola Company. He estimated that 300 free rides in the new Ford were given during the two days.

As a demonstration of the strength and roominess of the new Ford, a record-breaking "load of humanity" was piled into the car and given a ride. Rev. W. T. (Fish) Parker of Opp, with his 300 pounds (more or less) of averdupois, acted as chauffeur. Eight other full-size men, including Lloyd Hicks, her well-known "whooper", were crowded into it, making 9 men and a total of approximately a ton. The tour was made without mishap.

Mr. Garrett and his courteous staff of assistants, exhaustively explained the technical and practical features of the new Ford to an enthusiastic throng of visitors, and more than 200 orders for new Fords (when they are available), were registered, which, at the rate they have been apporportioned to dealers during the past year or so, would mean that the Garrett Motor Company has enough orders booked to last for several years, but Mr. Garrett said he hoped the supply of new cars will be materially stepped up within the next few months.

Elba, Ala. The Garrett Motor Company is to be congratulated on the way it handled the throngs of people who attended the showing of the new 1948 Ford last Friday and Saturday.

Mr. and Mrs. M. B. Smith and family spent Sunday with Mrs. Smith's parents, Mr. and Mrs. J. W. Weeks, of Coffee Springs.

Friends of Mr. and Mrs. F. W. Wood, regret to learn of the death of Mrs. Wood's father, Friday night.

Elba has made lots of progress the past year. A new school, new bit houses, new industry, new paving project, new city hall and other items have added to the growth and attractiveness of the city.

The county owns a part of Elba—the court house and square. Progress here has not kept up with the city. A few gallons of paint have been put on the court house. No doubt it was well spent and does everything it can to hide the court house, but paint just isn't good for what ails it.

The most radical changes that have come over the court house are that the grounds look a little better and the toilets can be smelled from a little further off. The court house and its grounds aren't just a part of Elba. It belongs to the county, represents the county and is a direct reflection on the people of the county.

Several efforts have been made to get remedial action but they have fallen short. With the county treasury in the best shape it has been in for years, it shouldn't be too hard to remedy the situation.

The State Department of Conservation has joined in the fight to wipe out "fire ants" in southwest Alabama. According to news releases the ants have become a serious threat to the timber, forest owners, and farmers. They are reported to have seriously damaged crops and trees in Mobile and Washington Counties as well as destroyed young wild life in the same area.

The state officials are to be commended for getting on this project early. If they should spread and become a general running mate to the boll weevil, they could make South Alabama a much less pleasant place to live.

As announced by the city council last week a mass meeting will be called July 12 to investigate the possibilities of a hospital for Elba. It is expected that within a year 75 to 100 federal and state funds will be available for two-thirds of the cost of a hospital. Such should be the case, proper planning and organization now will make it much easier for Elba to get this aid in the future.

This prospective hospital is a very important project and deserves the attention of all Elba citizens. Whether you are for it or against it, now is the time for discussion and planning. Whatever your ideas are, bring them along July 12 and put them before the people. Good ideas that come too late aren't worth the effort it took to originate them.

Information coming out of Detroit recently points a gloomy picture for the southerner who leaves his native haunts to look for greener fields. Strikes, housing conditions and extremely high costs of living have more than offset the bigger pay checks offered by the automotive industry. One concern has even offered, for 50 cents per week, to furnish us with facts concerning labor conditions that are almost sure to stop the trek of southern laborers to these northern centers.

We don't think such literature need scare many southern boys spending quite a bit of time in the northern states the past few years. The greater percentage that returned bears out the fact that you can't beat the south for a southerner.

A Florida radio announcer has just given away his seven children because "with a sick wife and a \$75 a week salary it's better that way." Whether it's better for the parents or not is doubtful, but if he didn't think enough of the kids to keep them the benefit of the deal to the children is indisputable.

Sunday the Redbirds dropped a 4-0 decision but looked good even in losing. The loss came after a six-game winning streak that firmly entrenched Elba in third place in league standings. If they continue to play the kind of ball of which they are capable the Redbirds should be higher than that before the end of the season.

Tractor Farmers Raise Fine Crops

Everywhere one goes in Coffee County, fine crop prospects are to be seen. A Clipper reporter made a tour of the country between Bash and Kinston last Thursday afternoon. He first visited a 50-acre field of peanuts which Roy Barlow is tractor-farming on one of Dr. W. C. Brantley's land. It and another large field of peanuts next to it are unusually pretty.

We then went to the Tobe Nelson farm. Mr. Nelson was away from home, but we were joined by G. H. Wyrosdick who pointed us over his and the Nelson crops Mr. Wyrosdick has about 40 acres of as fine peanuts as we ever saw and he does all of his cultivating with a tractor. He has a good stand and the field is clean. The recent rains have caused rapid growth and he said he would be able to plow only once more, as the vines would soon lap.

As is always the case, crops on the Nelson farm were exceptionally fine. Both peanuts and cotton give promise of making bumper yields.

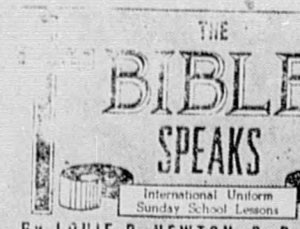

There may be as good or better farming sections in Alabama than we saw on our tour, but we have not seen them in traveling over four counties recently.

diligently and faithfully at all times as we value our reputation.

BENTON-DAVIS WEDDING

Miss Jane Benton, daughter of Mr. and Mrs. Joe Benton, of Opp, became the bride of Jules Leonard Davis, at an impressive ceremony at the First Methodist Church Sunday, June 13, at half past five o'clock in the afternoon.

Rev. Mr. Hugh E. Wilson, Jr., pastor of the church officiated at a double ring ceremony, before a fashionable assemblage of relatives and friends.

The altar decorations were of palms and southern smilax. On each side of the altar was placed a beautiful branched candelabra holding tall waxen tapers, and a dainty arch with wedding bells in front of which were set ferns, interspersed with baskets of white gladioli and lilies.

In the center of this arrangement, a little to the rear, was placed a tall standard of white gladioli.

As the guests assembled, a beautiful program of nuptial music was rendered by Mrs. Milford Roberts, organist, who played "I Love You Truly," "Indian Love Call," "The Love Boat," "Always," and "Meditation."

To the strains of the last one, T. K. Dorsey of Elba, and James E. Sensino of Birmingham, entered and lighted the candles. Miss Joy Pearson, of Tuscaloosa, sang sweetly, "Sweetest Story Ever Told," and "Because," Jimmy Weaver of Opp, preceded the bride, walking down the aisle, singing "The Lord's Prayer."

Ushers and groomsmen were T. K. Dorsey of Elba, James E. Sensino of Birmingham, Pete Crow of Birmingham, Howard Lisenby and Alton Turner of Lurline, Joe Cassidy of the University of Alabama, James C. Madison Jr., of Tuscaloosa, and spend several months in a special school for automobile body building.

Mrs. Farris graduated from Elba High School with the class of '48. She was one of the most universally popular students in the class. She was a member and officer of the National Beta Club and was active and prominent in many other school activities.

Mr. Farris is a son of Mr. and Mrs. Stephen Farris, of New Brockton. He received his high school diploma in Elba with the class of '48. He owns an interest in a progressive car body shop in Elba, and has already established a reputation of being an expert in his line. Previous to going into business for himself, he was employed by Dorsey Brothers in Elba.

Little Dee Kennedy has returned to his home in Mobile after a two week visit with his grandparents, Mr. and Mrs. J. W. Parker.

Mr. and Mrs. J. W. Parker and Jack, visited relatives in Mobile last week.

The many friends of Mrs. Fay Spauldine will be glad to know she is able to return home after a serious illness in a Troy hospital. She is at the home of her parents, Mr. and Mrs. C. O. Miller.

Mr. and Mrs. E. D. Purvis, Jr., and children of Enterprise, spent Sunday with Judge and Mrs. J. A. Carnley.

At the entrance were standard baskets of white gladioli, and over the doors were festoons of southern smilax. The bride's table was covered with a handsome lace cloth with a wide white satin band down the center. In the middle were the three tiered cake, topped with a miniature bride and groom, and an ornamental was of white spun sugar roses and lilies of the valley. Silver holders, burning tall white bridal tapers, floral mints in white and green, and their flowers were shasta daisies, tied with matching yellow taffeta ribbons.

Junior bridesmaid was Miss Rosalyn Woodham, of Opp, and her attire was same as the matron and maid of honor, except being of lavender color and her flowers also shasta daisies, tied with matching lavender taffeta ribbon.

The daily little flower girls, Kye MacLennan and Cecile Colquitt, were similarly attired in lavender organza, with white mits and they carried baskets of flower petals, to sprinkle in the path of the bride.

The miniature bride and groom were Little Henriette Dorsey of Elba and Pat Lisenby of Lurline, who were graduates of the University of Alabama where she received her degree, specializing in Library Science. While there she was a member of Chi Omega Sorority, and was outstanding in literary and campus activities. She was a member of Tri-Lambda, the Black Friars, Representative on the Board of Student Government and was Class Officer for three years. During the past year, she has been Librarian for Opp High School.

Mr. Davis graduated from Lurline High School, and later from University of Alabama, where he was a member of Phi Kappa Psi fraternity. He made "all fraternity" basketball, soft ball and football, during the years he was a student there. At the age of nineteen he was head coach at Lurline High School, but resigned to attend the University and received his degree after which he was given his same job again.

Sowell Named As New Assistant To County Agent

Auburn Graduate Has Long War Record

(By Betty Schussler)

Coffee County's new assistant county agent, Walter F. Sowell of Abbeville, will find his new job quite peaceful after the experiences he went through during the war.

Mr. Sowell who has just graduated from APL in Agricultural Science, spent 22 months in a German prison camp eating grass soup and gump bread, 12 to 20 persons to the loaf.

He was a radio operator and a runner on a B-17 with the Eighth Air Force. When his plane was shot down over Schweinfurt, Germany, he parachuted out, was captured and taken to a prison camp in Munich. Later he was moved to Krems, Austria, on the Danube River.

There were 4,000 non-commissioned officers in the camp with Mr. Sowell. They had no work to do—nothing but to sit day after day. They had been there eight months before they were given a few decks of playing cards. Mail from home did not reach any of them until after 10 months.

It has been announced by the Alabama National Guard and Mrs. John R. McCullough, head of the Alabama National Guard and Mrs. John R. McCullough, head of the Alabama National Guard and Mrs. John R. McCullough, head of the Alabama National Guard.

Mr. Sowell states that on the day of the signing of the armistice, he and his fellow prisoners were still in the camp. They were not allowed to leave until after the armistice was signed.

BRYAN-ENGLISH—

A wedding of much interest here in Elba was that of Miss Butte Ann Bryan, daughter of Mr. and Mrs. Jeff Bryan, and Phil English, son of Mr. and Mrs. J. W. English. The wedding was solemnized at the home of the bride's parents Friday, June 19, with James C. Dixon, minister of the Church of Christ, officiating.

The living room, in which the ceremony was performed, was decorated in white and green. Forming a background for the ceremony, the mantel was banked with white gladioli, daisies and smilax and flanked on either side with standard baskets of white gladioli and burning white tapers in branched candelabra.

Music was presented by Miss Carolyn English, sister of the groom.

While "Because", by D' Hardelot, was softly played, Miss Mary Jo Bryan, sister of the bride entered and lighted the candles. "To A Wild Rose", by Mac Dowell, was played during the ceremony. The traditional wedding marches were used before and after the ceremony.

The bride wore an aqua blue crepe dress with white accessories and a corsage of white orchids. The bride and groom entered together.

For her daughter's wedding Mrs. Bryan wore an attractive grey printed crepe dress with a corsage of red carnations. Mrs. English, mother of the groom, was dressed in grey sheer crepe with black accessories and a corsage of pink carnations. Immediately following the ceremony, the couple left for a brief wedding trip to Florida.

Mrs. English is a recent graduate of Elba High School. Since her graduation she has held a responsible secretarial position with the Department of Veterans' Affairs.

Mr. English is also an Elba High School graduate and a veteran of four years' service in the U. S. Navy. At present he is a popular young businessman of Elba.

The bride and groom are living in the home of the groom's parents until fall when Mr. English plans to enter Guplin-Jones School of Mortuary Science in Nashville, Tenn.

Mr. and Mrs. M. B. Killingsworth and sons, Horace and Billie of Troy visited their mother, Mrs. R. E. Chapman and Mrs. Wiley Blair Sunday.
